Nocturnal Nonsense

Nocturnal animals use **ALL** their senses to help guide them around in nature when it's dark at night. You can take turns with a friend to experience what it's like to be nocturnal.

- Use a soft cloth or bandana to cover your eyes.
- Have your friend place a mystery item in your hands.
- Use your senses of smell, touch, and hearing to guess what the item is.
- Take a peek and see if you guessed correctly!
- Trade places with your friend and let them take a turn guessing.
