

The Prate Fight

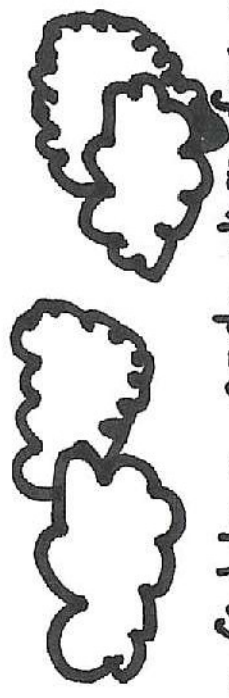

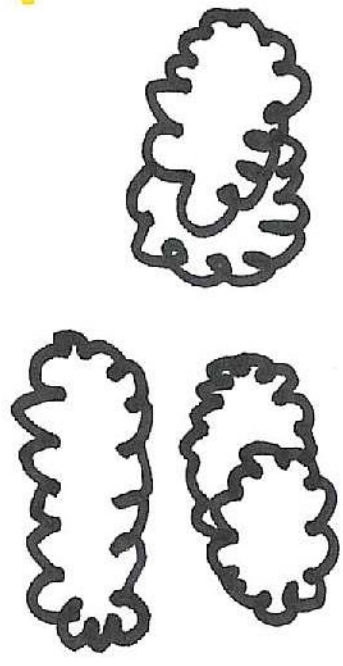

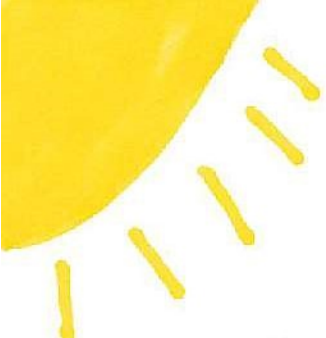

Captain Sparrow and Captain Shades have been battling since early morning. Captain Shades was ahead of Captain Sparrow.

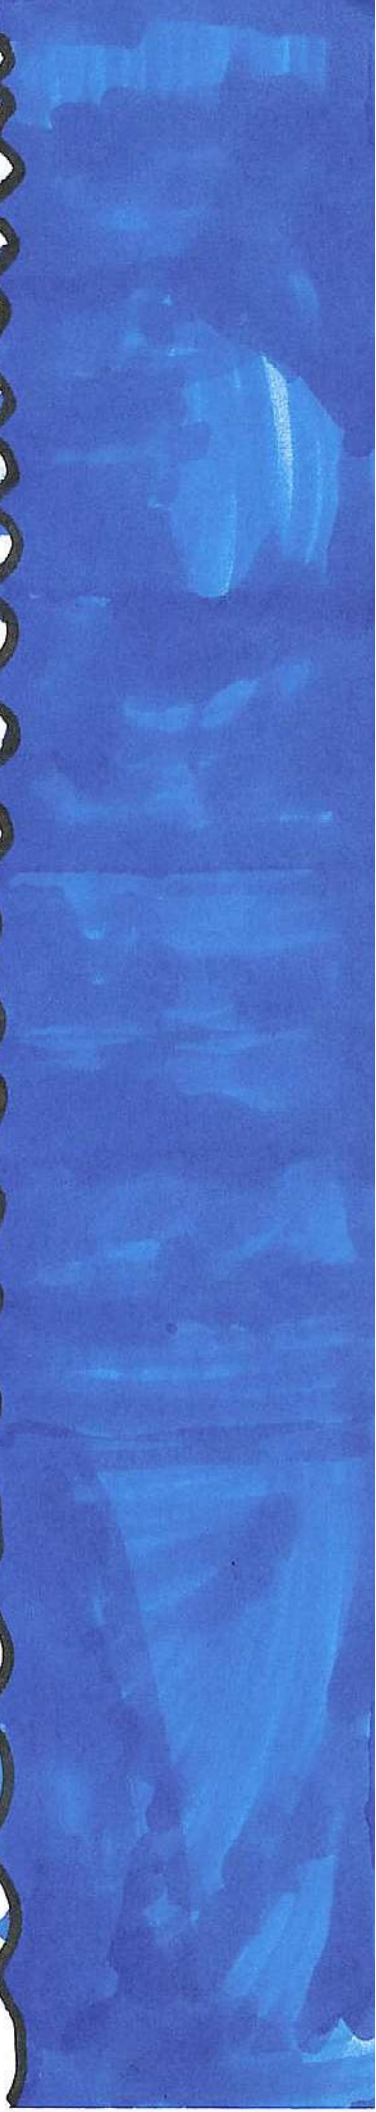

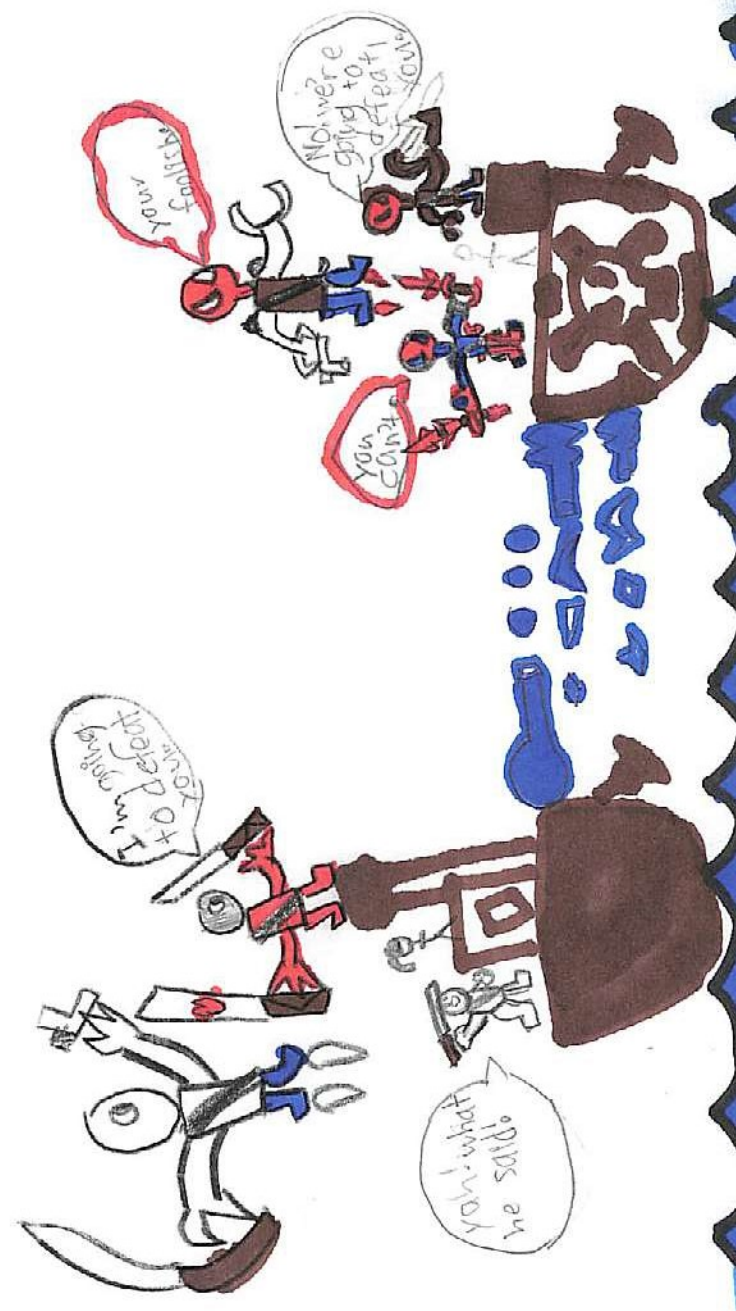

They were going to get the treasure hidden on Treasure-
island when Captain Shades saw that Captain Sparrow
was following him. He turned his ship around to stop
him in his tracks!

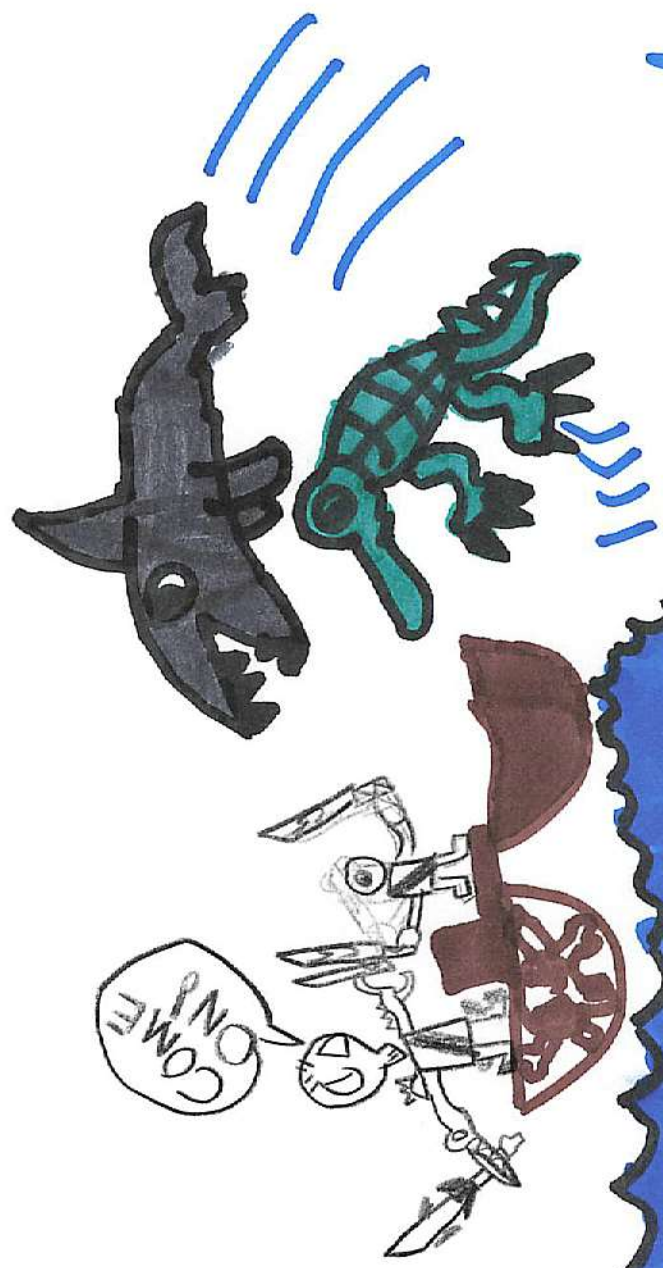

They were fighting each other firing their cannons and they didn't see the crocodile and the shark!

The shark and the crocodile were brothers. The two brothers jumped on Captain Shades ship trying to eat him.

Captain Sparrow let captain shades on his ship
and saved him, and then they became best freinds.
