Lets design
 the play-

The Woo Woo Monkey

so he can hammer
high parts of the
playground.

The Lino Lion was
screwdriving. He was
strong, so he can make
the screw very tight
and safe.

Ellie Alligator got
the cutting job
She liked the saw
because it looks
like her sharp teeth.

Emily elephant's trunk was good at carrying heavy objects her trunk can carry many objects at the same time so she got the carrying job

My trunk is the best

Because she took
drawing classes and
She learned how
to paint.

After working very hard,
they finished building their play-
